Time already accumulated will be added to time used to complete the qualifying run. If time is not recorded, the contestant will receive a 10-second penalty for any jump or any loop used.
  - b. In cases of mechanical failure.

However, if in the opinion of the judge, the dragging was caused by something outside of the control of the contestant, the judge may give the contestant his time. Dragging the calf while the contestant is tying the calf will not be considered excessive dragging.
8. Roper will be flagged no time for touching calf, or string or by touching rope to train his horse after giving finish signal, or by dragging calf after he remounts horse.
