5. Board Update:

Discussed the stock contractor bids that had been submitted so far and Shawn requested we have a committee meeting to decide on bid requirements to send out asking that they are returned by next meeting so we can make a decision by 2/15.

Discussed Monster Truck event and the addition of a Sunday event. They are paying us rental fee plus we get to keep parking fees and the bar as well as sell merchandise at our bars.

Heidi announced that potentially there would be no Applefest per the city and that they would move the carnival and festivities back to Mountain Fest. Also discussed moving our AppleFest Rodeo to Sunday during Mountain Fest.

We talked about needing a marketing plan for TMRA and looking into Saffire for our events.

Danny announced the date has been picked for Touch a Truck - Saturday May 10th

Heidi asked Heather to look into tnmrprorodeo@gmail.com to see if we have access to that email. Also to send out an email asking for board nominations. We have 11 board positions with 2 open seats Chairman and Secretary but that we would advertise the 2 open seats and then adjust roles based on individuals strong suits.

Heather to look at Jr Rodeo dates and pick a date for the rulebook meeting.
